## GLOBAL BUSINESS and ECONOMICS

Undergraduate Program

### 1 Kyoto's Entrepreneurial Longevity

With a history of being Japan's capital for over a millennium, Kyoto has maintained its status as a land of longstanding, flourishing commerce. Many of the world's leading Japanese companies were born in Kyoto. Given its spirit of entrepreneurship, Kyoto is an ideal destination for acquiring business skills and know-how.

### 2 Business Leaders' Guidance

The Global Business and Economics Program at KUAS offers an authentic curriculum in a variety of practical and specialized fields. Courses are taught by experts with rich business experience. This program provides real-world knowledge and perspective in both management and economic settings, ensuring that students can develop the skills necessary to become global business leaders.

### 3 Industrial Collaboration

KUAS provides numerous opportunities to engage in off-campus learning. Students can participate in internships at a multitude of domestic and overseas partner companies and obtain legitimate experience to aid them in job hunting.

### 4 Intensive Japanese Courses

KUAS provides all international students with intensive Japanese language courses to broaden their future career paths at no additional cost.
