Admission Policy

Kyoto University of Advanced Science Graduate School

Academic Goals

The purpose of the Graduate School of Kyoto University of Advanced Science is to teach and research academic theory and its application in specialized fields, to pursue knowledge to its limits, and contribute to the advancement of society, in accordance with the Basic Act on Education and the School Education Law, and in keeping with the founding spirit of Kyoto University of Advanced Science.

We seek individuals who are highly motivated to contribute to society through the acquisition of cutting-edge knowledge and skills in their respective fields of study.

Graduate School of Business Administration

Academic Goals

The Graduate School of Business Administration aims to nurture talented individuals with theoretical and practical expertise in the field of business administration, as well as individuals who can demonstrate an entrepreneurial spirit and lead reforms, regardless of the size or the age of the organization, in relation to various phenomena that arise inside and outside of management organizations in the midst of significant changes in the social environment, including internationalization, information technology, and the lack of compliance. The objective of the program is to nurture professionals who will be leaders of reforms, and who will innovate by implementing new knowledge into society in the midst of digital transformation and the development of new materials.

This Graduate School sets forth an admission policy in response to the fact that an educational curriculum will be established with attention to differences in the status of specialized courses in the undergraduate program.

1. Those who have a strong desire to master the theory and practice of business management.
2. High level of English proficiency in order to be awarded an internationally recognized master's degree.
3. Those who have the qualities to engage with strong intellectual motivation and a social role in educational courses and programs aimed at fostering professionals who will innovate by implementing new knowledge in society, and are capable of friendly competition with each other.
4. Those who have a wide range of knowledge and can utilize basic knowledge and abilities in specialized fields such as business administration.

Scholarships

As a result of the selection process, scholarships will be awarded to students with particularly outstanding grades and achievements. However, only those who have applied for the scholarship at the time of application will be considered. **Please make sure to select whether or not you wish to apply for a scholarship in the “Scholarship” section of your application when you apply online.**

Beyond normal scholarships, KUAS also provides a “Super KUAS-E Scholarship” for exceptionally outstanding students. The scholarship amounts are shown in the table below. *Scholarships may be revoked if the recipient does not maintain consistently high academic performance and act as a model for other students.

Scholarship Name	Description	Amount, etc.
Super KUAS-E Scholarship	Intended for applicants to the Graduate School Scholarship who are of exceptional merit.	1. Full exemption from entrance fees and tuition fees 2. A financial support stipend of 600,000 yen per semester
KUAS Graduate School Scholarship	Intended for applicants who will act as a role model for other graduate students at KUAS in terms of research and academic achievement.	Full exemption or 50% waiver from entrance fees and tuition fees (facility and equipment fees, and laboratory training fees)

*Recipients will be subject to a performance review every semester.

*Scholarships may be revoked if the recipient does not maintain consistently high academic performance and act as a model for other students.

*Students receiving financial aid from their employers are not eligible for these scholarships.
