Kyoto University of Advanced Science Graduate School Academic Goals

Based on the founding spirit of the University and in accordance with the fundamental education laws of Japan, the purpose of this graduate school is to teach and research academic theory and application in specialized fields, and to contribute to the advancement of society through in-depth study of such knowledge.

We seek individuals who are highly motivated to contribute to society through the acquisition of cutting-edge knowledge and skills in their respective fields of study.

Graduate School of Engineering (Master's Program) Academic Goals

The Graduate School of Engineering combines expertise, scholarship, and education in interdisciplinary engineering fields that straddle mechanical and electrical fields, and fosters engineers and researchers who can contribute to the creation of next-generation industries and the creation of new value by acquiring and further deepening advanced knowledge in specialized fields essential to global society and next-generation electromechanical systems. The program aims to nurture engineers and researchers who can contribute to the creation of new value in the next generation of industry.

The Graduate School of Engineering invites applications from candidates who have familiarized themselves with the content of the master's program, who hold a bachelor's degree or equivalent qualification, and who wish to improve their abilities as engineers while learning to make full use of engineering techniques and to apply the most advanced technologies when solving problems. Applicants are expected to have the necessary foundation to take an internationally active role in addressing problems that will lead to the enrichment of society while respecting the environment on a global scale. In particular, applicants should;

- 1) be eager to tackle contemporary problems and find solutions that contribute to the future of society on a global scale;
- 2) have a comprehensive understanding of fields related to mechanical and electrical engineering or mechanical and electrical systems engineering; and
- 3) be motivated to confront a multitude of issues by developing scientific and academic expertise in their chosen specializations.

Scholarships

As a result of the selection process, scholarships will be awarded to students with particularly outstanding grades and achievements. However, only those who have applied for the scholarship at the time of application will be considered. Please make sure to select whether or not you wish to apply for the scholarship in the "Scholarship" section of your application when you apply online.

Beyond the normal scholarship, KUAS also provides a “Super KUAS-E Scholarship” for exceptionally outstanding students. The scholarship amounts are shown in the table below.

Scholarship Name	Contents	Amount
Super KUAS-E Scholarship	A scholarship for exceptionally outstanding applicants for the Master's Program	1. 100% admission fee waiver 2. 100% school fee waiver 3. A financial support stipend of 600,000 yen per semester
KUAS-E Scholarship	A scholarship for qualified applicants for the Master's Program	Type 1: 100% waiver of admission fee and school fees, Type 2: 50% waiver of admission fee and school fees, Type 3: 30% waiver of admission fee and school fees.

*recipients will be subject to a performance review every year.

*“School fees” refers to tuition, facility fees and laboratory fees.

*Scholarships may be revoked if the recipient does not maintain consistently high academic performance and act as a model for other students.

*Students receiving financial aid from their employers are not eligible for these scholarships.

■ Application Procedure and Precautions

① Pre-application review

Applicants should consult with their desired academic advisor in advance to confirm that their research interests and field of study match. After this consultation, the applicant will be able to apply only after receiving consent from their desired academic advisor. **Please note that passing the pre-application review is not a guarantee of being accepted to the program.**

To apply for pre-application review, please follow the steps below from the university's website during the application period for pre-application review (see P4.[Application Schedule]). The application system uses "The Admissions Office (TAO)" online registration portal, and applicants are required to register a free account to apply.

TAO: https://admissions-office.net/applicant/sign_in

<<Pre-application Review Flow>>

Applicant submits Pre-application Review Request to potential supervisor	<p>① Register an account on the TAO pre-application system https://admissions-office.net/applicant/sign_in</p> <p>② Log in to TAO (follow the instructions on the screen to enter your personal information, attach the following two documents, and submit a request for pre-application review to your desired academic advisor (click the "Complete Application" button on the screen).</p> <p>Please note that <u>up to three faculty members</u> can be requested for pre-application review. (Required documents)</p> <ul style="list-style-type: none"> • Curriculum Vitae: Use the template on the KUAS website (Word file). • Research plan: maximum of 3 pages on A4 paper (free format / if you have multiple research areas of interest, prepare one plan for each research area). <p>*The faculty member(s) in charge of your pre-application review may contact you by e-mail or other means. In such cases, please follow the instructions of the faculty member(s).</p> <p>Note: Applying for or completing the pre-application review process does not mean that you have been accepted to KUAS. Please note that these results will not be available at this stage.</p> <p>* Your potential supervisor may contact you by e-mail or other means. Please follow their instructions.</p>
Applicant receives Notification of Application Acceptance or Rejection	The results your pre-application review will be announced on TAO. You will also receive a notification at the e-mail address registered on TAO.
Applicant applies to KUAS	When filling out your application, please enter the name of your potential supervisor who approved you. If you receive approval from more than one supervisor, only one can be selected for your application.

② Application Procedure

(1) Go to the KUAS “Online Application” page.

Access the KUAS website (<https://www.kuas.ac.jp>) and navigate to ► Entrance Exam Information (Entrance Examination Support) ► Online Application

(2) Check the entrance requirements and fill out the required information.

Check the schedule of the entrance examination you wish to apply for, and enter the necessary information.

(3) Pay the application fee.

Please confirm the application fee on the screen. Select the method of payment from the options listed below, and pay the fee by the due date. Note: **Once paid, application fees cannot be refunded under any circumstances.**

- Credit card
- Convenience store (pay at the register)
- Pay-easy

Note for when paying application fee	In addition to the application fee, a system usage fee of 1,000 yen (tax included) is required regardless of the payment method. However, at convenience stores, a separate sales stamp is required if the amount paid is over 50,000. You do not need to submit a receipt for the payment of the application fee. Please keep it as a copy.
--------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

(4) Print out the application form, photo form, and examination admission card.

Be sure to check the printed application form, photo voucher, and examination admission card for any errors

***Please bring examination admission card on the day of the exam. No other admission card will be mailed to you, etc.**

***Please note that it will not be possible to print these documents after the application period concludes.**

(5) Send your application documents

Please cross-check your application documents with these application guidelines and ensure that they are correct and complete. If you send your application by post, be sure to send it by **registered express mail**. If you bring your application documents to the university, be sure to bring them to the **Uzumasa Campus**.

(6) Applicants who have made false statements in their application documents will not be allowed to take the examination. If this is discovered after the applicant's examination, their exam results / acceptance to the university will be invalidated.

***Please note that even if you complete your application online, if you do not complete (3), (4), and (5) by the deadline, your application will be automatically cancelled.**

●Duolingo English Test ※1)	●TOEIC®L&R/S&W	●Eiken ●Cambridge English
●GTEC ●TEAP ●TEAP CBT		

*1 Scores for these four examinations may be submitted through a testing institution.

*2 (When submitting scores through a testing institution) The university code for KUAS is **C468**.

*3 (When submitting scores through a testing institution) the "Test Report Form (TRF) number" must be entered at the time of application.

*4 (If submitted through a testing institution) Score Report Code or Registration ID must be entered at the time of application.

*If you plan to apply based on the results of an English test not listed above, or if you plan to apply based on the results of an English test taken more than two years before the application deadline, please consult with the Admission Center in advance.

*Your score on the above English tests will not determine the outcome of your application to KUAS

Notes of Application Procedures

■ Consideration for Persons with Physical Disabilities

- (1) If you have a physical disability that you wish to be taken into consideration when taking your entrance examination, please make sure to consult with the Admission Center at least two weeks prior to the start of the application period for each entrance examination schedule.
- (2) If you were injured in an accident after you applied and wish for your injury, etc. to be taken into consideration when taking your entrance examination, please be sure to consult with the Admission Center.
- (3) Please note that we may not be able to meet your request even if you wish to receive special consideration for your examination.

■ Health Safety (COVID-19, etc.)

If you have contracted an infectious disease (such as COVID-19 or influenza) which the School Health and Safety Law requires that students not attend school, and you have not yet recovered, please refrain from coming to campus or taking the entrance examination, as it may lead to the infection of other students or teachers.

Students who have a fever of 37.5°C or higher, cough, trouble breathing, or fatigue on the day of the examination are also asked to refrain from taking the examination.

However, if you have any of the following conditions and will not be taking the entrance examination, please contact the Admission Center to request a transfer to another date or a refund of the entrance examination fee.

<Rescheduling and Refunding of Exams due to Illness May be Permitted Under the Following Circumstances>

1. If the applicant has an active case of an infectious disease (influenza, COVID-19, measles, etc.) for which attendance is suspended under the School Health and Safety Law.
2. If the applicant has symptoms such as a fever of 37.5°C or higher, cough, shortness of breath, fatigue, etc., and is able to submit a medical certificate with the necessary information.
3. If the applicant has been identified as potentially infected with COVID-19 due to close proximity with an infected person.

*However, applicants potentially infected by COVID-19 with no symptoms may still be admitted to their examination if:

- Initial screening results (government-provided PCR test or quarantine station-provided antigen quantification tests) are negative, and
- The applicant remains asymptomatic on the day of the examination.

<How to change your entrance examination date>

- (1) Please call the Admission Center before the end of the entrance examination you will be missing. (075-406-9270)
- (2) Please submit a medical certificate that clearly states the name of the illness (name of the infectious disease for which the School Health and Safety Law stipulates suspension of attendance) and the period of treatment (including the date of the entrance examination for which you were absent).

<How to apply for an entrance examination fee refund>

- (1) Please call the Admission Center before the end of the entrance examination you will be missing. (075-406-9270)
- (2) Please submit the following documents.
 - Application Form for refund of entrance examination fee (KUAS-Designated Form)
 - A medical certificate that clearly states the name of the illness (name of the infectious disease for which the School Health and Safety Law stipulates suspension of attendance) and the period of treatment (including the date of the entrance examination for which you were absent).

Individual Eligibility Screening

Applicants who require individual eligibility screening to determine whether they qualify to apply should follow the procedures below. If you wish to undergo individual eligibility screening, please contact the Admission Center to confirm the type of documents you need to submit before sending them by post. Please note that the names of the application documents (2) and (3) below may differ depending on the school that issues them.

■ Entry Period

Entry Period "A": August 19 (Fri.) – August 26 (Fri.), 2022 Announcement of Screening Results: September 9 (Fri.), 2022

Entry Period "B": December 2 (Fri.) - December 9 (Fri.), 2022 Announcement of Screening Results: December 23 (Fri.), 2022

All documents must be received by the deadline and mailed by registered mail.

The envelope should be clearly marked "Documents for Individual Eligibility Screening for Graduate School Application"

■ Application form

For those applying based on Eligibility Category (9)

- (1) Application for Individual Eligibility Screening (curriculum vitae; KUAS prescribed form)
- (2) Certificate of graduation of last institution attended or certificate of enrollment (with the enrollment period specified)
(*In the case of certificates of withdrawal or expulsion, the period of enrollment must also be specified)
(must be issued by the school and officially sealed)
- (3) Transcripts from last school attended (must be issued by the school and officially sealed)

* In some cases, an oral interview may be required or additional documents may be requested. In such cases, please follow any instructions given.

For those applying based on Eligibility Category (10)

- (1) Application for Individual Eligibility Screening (curriculum vitae; KUAS-prescribed form)
- (2) Certificate of enrollment (with the enrollment period specified)
- (3) Transcripts from last school attended (must be issued by the school and officially sealed)
- (4) A statement of the number of courses and credits expected to be earned in the third year (on a form prescribed by KUAS and to be submitted by the applicant).

In addition, those who pass the entrance examination based on Eligibility Category (8) are considered provisionally accepted, and will not be officially accepted until the results of their grades are tabulated at the end of their first school year in March. Therefore, applicants must submit their academic transcripts by March 18, 2022 (Friday). Provisionally accepted students are accepted from among those who have performed particularly well in the academic tests.

*Applicants must submit either (3) or (4), depending on which is more applicable to their situation.

*In some cases, an oral interview may be required or additional documents may be requested. In such cases, please follow any instructions given.

Long-term Student Program

The Long-term Student Program is a system for students who have difficulty completing their graduate school curriculum within the standard course of study (2 years) due to occupational or other reasons. This system allows such students to complete their curriculum over a planned period of 3 to 4 years.

■ Eligibility

Applicants must :

- ① have an occupation;
- ② be recognized by the university president as having difficulty completing the program within the standard course of study due to circumstances such as childcare or nursing care; **OR**
- ③ have other unavoidable circumstances (physical disability, illness, etc.) that are recognized by the President as making it difficult for them to complete their program in the standard course of study.

* International students (with "Student" residence status) are not eligible to apply for this program.

■ Program Length

3 or 4 years, including the standard minimum enrollment period of 2 years.

■ Application Procedure

Please contact the respective graduate school office by March 1, 2023.

Graduate School of Economics: 075-406-9230

Graduate School of Business Administration: 075-406-9116

Graduate School of Human Culture: 075-406-9118

Graduate School of Bioenvironmental Sciences: 0771-29-3422

Graduate School of Engineering: 075-496-6219

■ Tuition and Other Fees

The amount of tuition and other fees for the Long-term Study Program period is determined by taking the standard tuition fee for the Program and dividing it by the Long-term Study Program period (eg, $3 \div 2 = 1.5$, etc).

■ Other Notes

Additional fees may be charged for each year of study beyond the standard term of study.

Notes on Entrance Exam

■ COVID-19

- (1) On the day of the examination, examinees who do not have a fever of 37.5 degrees Celsius but have symptoms such as fever or cough should notify the Admission Center or the exam proctor.
- (2) On the day of the examination, please bring your own mask and wear it at all times in the examination room except during lunch. During breaks and lunch time, please refrain from talking with other examinees as much as possible.
- (3) On the day of the examination, windows, etc. will be opened to ventilate the examination room, so please bring warm clothing. Please bring your own lunch and eat at your own seat.

■ Arriving and Leaving

- (1) Please be aware of transportation disruptions due to weather conditions, etc., and arrive at the examination site with plenty of time to spare.
- (2) Please assemble and enter the examination room by the designated time. The time of assembly will be announced on the examination voucher. The administration method of the exam will be explained, and questions will be distributed, etc. on the day of the exam.
- (3) Those who arrive more than 20 minutes after the start of the examination will not be allowed to take the examination.
- (4) Except under special circumstances, no one will be allowed to leave the examination room during the examination.

■ Misconduct

Please follow the instructions of the exam proctor when taking the examination. Any of the following will be considered cheating. If you are found to be cheating, you will be ordered to leave the examination and will not be allowed to take any further examinations. In addition, all subjects taken on the day of the examination will be invalidated and the applicant will be disqualified.

- (1) Cheating (cheat sheets, reference books, looking at other examinees' answers, obtaining answers from other persons, etc.)
- (2) Use of any item that is not allowed to be used.
- (3) Failing to follow the instructions of the proctor, such as instructions to start or stop.
- (4) Giving away answers to other examinees.
- (5) Behaving in a manner that disturbs other examinees in the examination room.
- (6) Impersonating another examinee and taking the exam for them.
- (7) Any other acts that impair the fairness of the examination.

■ Other Items

- (1) Be sure to bring your examination voucher on the day of the examination. If you forget your examination voucher, please report to the Admission Office before the examination starts.
- (2) Applicants who abandon the examination, fail to take the required number of subjects, or cheat will be disqualified and all subjects will be invalidated.
- (3) Please wait in the designated area for your chaperone.
- (4) The University has nothing to do with the flyers distributed in the vicinity of the examination center or at nearby train stations, etc., advertising student housing, etc.
- (5) On the day of the examination, please follow the instructions of the proctors.

Announcements of Results via Web (PC & Smartphone)

■ Announcement of Entrance Examination Results

- (1) Notification of acceptance and enrollment documents will be mailed to successful applicants. Unsuccessful applicants will not receive a notification of rejection, so please check the online application page for details.
- (2) Please note that the notification of acceptance may not arrive until the day after the day of the announcement of acceptance.
- (3) We will not respond to inquiries by phone, etc. regarding acceptance or rejection.
- (4) No announcement of acceptance or rejection will be made to absentee applicants or applicants who fail to pass the examination.

■ Online (PC & Smartphone) Application Results Portal

You can check the results of your application online using a computer or smartphone.

Please read the following instructions carefully.

- ① This service will be available for three days from the date of the announcement of the acceptance of the relevant entrance examination (during this period, access is available 24 hours a day). After that, you will not be able to check the results.
- ② The portal will go live at 10:00 AM on the entrance examination result announcement day.
- ③ It may be crowded immediately after the service start time. If it is difficult to access, please try again a little later.
- ④ Access the following page and go to "Admission Information" and then to "Acceptance Announcements."
<https://www.kuas.ac.jp/admissions>
- ⑤ KUAS cannot respond to any inquiries about the availability of this page on smartphones.
- ⑥ KUAS cannot accept any admission-related documents submitted after their deadline due to misoperation of the Application Results portal.
- ⑦ Please note that you may not be able to use the Application Results portal on your smartphone.
- ⑧ The KUAS Admission Results portal does not provide audio guidance.

Dr. Ippei Kishida	Associate Professor	Computational Materials Science, Battery Engineering, Ionics Please see here for details of research activities. https://researchmap.jp/read0093376?lang=en
Dr. Kazuo Oki	Professor	Data Science, Food Production Technology & Sustainable Watershed Management; in collaboration with Dr. Salem Ibrahim Salem: Remote Sensing, Drone Measurement, Environment Monitoring, Artificial Intelligence, Voice Recognition, Hydrometeorology, ClimateChange Impact Assessment (https://sites.google.com/view/salemisalem/)
Dr. Koichi Nakamura	Professor	Quantum Materials Science, Quantum Chemistry, Quantum Physics, Theory of Electronic States, Theory of Materials Properties, Nanomaterials Please see here for details of research activities. https://researchmap.jp/read0192948?lang=en
Dr. Martin Sera	Junior Associate Professor	Mathematics, Complex Analysis, Complex Geometry Please see here for details of research activities. https://researchmap.jp/msera?lang=en
Dr. Masayuki Nishi	Associate Professor	Inorganic Material Chemistry, Nanomaterials, Synthesis and Processing, Optical Materials, Glasses, Ceramics Please see here for details of research activities. https://researchmap.jp/7000008457?lang=en
Dr. Ryo Takahashi	Associate Professor	Electrical Energy Engineering, Information and Communication Engineering, Engineering Applications of Statistical and Nonlinear Physics Please see here for details of research activities. https://researchmap.jp/ryo_takahashi?lang=en
Dr. Ryosuke Matsumoto	Associate Professor	Solid Mechanics, Computational Mechanics, Strength and Fracture of Materials, Atomic Level Simulation Please see here for details of research activities. https://researchmap.jp/read0115219?lang=en https://www.researchgate.net/profile/Ryosuke_Matsumoto
Dr. Shigeru Horii	Professor	Materials Science, Solid-state Physics, Ceramics, Strong Magnetic Field Science, Superconductivity Please see here for details of research activities. https://www.researchgate.net/profile/Shigeru_Horii https://researchmap.jp/read0103663?lang=en

Dr. Tadayuki Imai	Professor	Optoelectronic Devices, Optical Crystals, Dielectrics, Holography Please see here for details of research activities. https://researchmap.jp/TadayukiImai?lang=en
Dr. Takahiro Namazu	Professor	Nanomechanics, Nanotechnology, Functional Materials Please see here for details of research activities. https://researchmap.jp/namazu?lang=en https://lab.kuas.ac.jp/~namazu/enindex.html
Dr. Yoshihiro Sato	Junior Associate Professor	Robotics, Computer Vision, VR/MR
Dr. Zilu Liang	Junior Associate Professor	Pervasive Computing, Wearable Computing, Personal Informatics, AI for Health, AI for Education Please see here for details of research activities. https://www.zilu-liang.net/

Privacy Policy

KUAS may use personal information collected from applicants to:

- 1) contact applicants or their college if there are deficiencies or inaccuracies in their application documents;
- 2) send examination notifications to applicants;
- 3) release admission results to applicants;
- 4) send admission documents to successful applicants;
- 5) send information to new students and their guardians about the Entrance Ceremony and comprehensive insurance for students;
- 6) send information to students and their guardians following enrollment;
- 7) create name lists and other school documents for administrative and academic purposes after enrollment; and
- 8) perform data aggregation/processing (individual data will be anonymized).

Personal information related to applications will not be provided to any third party without the prior consent of the applicant. However, this does not apply when there are special circumstances stipulated in the Act on the Protection of Personal Information and the "Regulations Concerning the Protection of Personal Information of Nagamori Gakuen Educational Foundation", such as (1) when required by law or (2) when it is necessary to protect the life, body, or property of an individual when it is difficult to obtain the consent of the individual.

If you have any questions about the handling of personal information related to your application, please contact the Admission Center of Kyoto University of Advanced Science.
